

**Job Title: Senior Software Developer****Number of Positions: 1****Responsibility Summary:**

Chhattisgarh Infotech Promotion Society (CHIPS: [www.chips.gov.in](http://www.chips.gov.in)) is the nodal agency and prime mover for propelling IT growth & implementation of the IT & e-Governance projects in the State of Chhattisgarh. CHIPS is involved in the end-to-end implementation of some mega IT Projects like, SDC, SSDG, SWAN, GIS, SETU, e-Procurement etc. A professional approach is being adopted for the implementation of IT Projects using the services of e-governance experts and consultants from corporate and academia. ICT has the potential to significantly improve this contribution. In doing so, Government of Chhattisgarh seeks to create an IT environment in the state wherein investments in IT are not only encouraged but actively facilitated. We aim to achieve quality and excellence in state government services to citizens, state transactions with citizens and businesses, and internal state governmental operations/functions through the strategic deployment of information technologies.

**Duties and Responsibilities**

- Writing well designed, testable, efficient code by using best software development practices
